

1. Choose a fabric from our extensive collections

Our extensive range comes in a variety of designs and colours, with special emphasis on natural fibres such as silks, linens, wools and pure cottons - perfect for creating blinds with a stunning, modern rustic style in your home.

View our full range of fabrics on our website. Each fabric is individually priced and can also be bought by the metre.

View our full range of fabrics on our website. Each fabric is individually priced and can also be bought by the metre. Free fabric swatches are available to order from our website, or call us on 01473 826685 and we will pop them in the post for you.

Please note, because of the delicate nature of our raw silk fabrics, which are prone to deterioration when exposed to sunlight and handling, we don't generally recommend them for this use.

Should you decide to proceed, completing and returning this template indicates you understand those characteristics and accept the lifetime of the product will be limited.

2. Choose a heading

Blind Track

Roman Blind - Velcro

Roman Blind - Pole

3. Measure your windows

Outside a window recess

Width (cm):

When using a pole please measure from the outside edge of each bracket once they have been fixed in place. When using a batten **add approximately 14cm to the width** of your window to allow sufficient overlap.

Length (cm):

When using a pole, measure from the bottom loop of the curtain ring to the required length. When using a batten, measure from the top edge of the batten to the required length.

add approximately 14cm to the width of your window to allow sufficient overlap.

Inside a window recess

We recommend that a batten is used for blinds hung inside a window recess.

Width (cm):

Measure the width at the top of the window recess, in the middle and at the bottom. Record the smallest measurement of the three to ensure the blind does not snag when being lowered.

Length (cm):

Measure the length from the top to the bottom of the recess.

! Use the narrowest point as your width

4. Positioning

 Blind Strung to **Left hand side**

 Blind Strung to **Right hand side**

5. Cleat & Pull finish

5. Unlined, Lined or Interlined? (please put a tick by your choice)

 <input type="checkbox"/> Unlined Creates an airy effect; ideal for voiles or soft linens.	 <input type="checkbox"/> Lined Choose from 3 neutral colourways.	 <input type="checkbox"/> Lined & Interlined Our recommended choice for stunning curtains – interlining makes any fabric look its best.
<input type="checkbox"/> White <input type="checkbox"/> Ivory <input type="checkbox"/> Cream <input type="checkbox"/> Cream Blackout	<input type="checkbox"/> White <input type="checkbox"/> Ivory <input type="checkbox"/> Cream <input type="checkbox"/> Cream Blackout	<input type="checkbox"/> White <input type="checkbox"/> Ivory <input type="checkbox"/> Cream <input type="checkbox"/> Cream Blackout
