

## 1. Choose a fabric from our extensive collection

Our extensive range comes in a variety of designs and colours, with special emphasis on natural fibres such as silks, linens, wools and pure cottons - perfect for creating cushions with a stunning, modern rustic style in your home.

Free fabric swatches are available to order from our website, or call us on 01473 826685 and we will pop them in the post for you.

### A note about Silk Dupion

As a raw, natural fabric, silk dupion may fade over time, especially in sunlight, so we do not recommend it for cushions placed in or near a window. Please take a look at our lovely collection of faux silks that we have sourced for customers wanting the look and feel of pure silk in a more robust fabric.
